Applications:

Ideally suited for applications requiring heavy duty, large horsepower electric motors. Typical uses include pulp and paper mills, mineral processing, waste management facilities, lumber and wood processing mills, automobile manufacturing plants and other severe duty environments where medium voltage power is available.

NOTE: Lincoln is continuously improving and expanding its line of **MEDIUM VOLTAGE** motors. Contact your local sales office if you don't find the motor you need listed here – there's a good chance we can build it for you.
